# 01 About the Asset

An ultimate set of generic UI elements suitable for any game design. We prefer to represent it by creating a Knight Fight game. Icons, Buttons, Panels and more and more that will cover all GUI needs for your game projects with a WOW look

This package is ready to use for Unity's built in UI System. Just drag and drop prefabs into your canvas to design your own screens.

The pack includes **unique icons, shiny buttons, animated chests and card packs, animated unique flags and animated knights** all including particle effects to give your game a juicy look

GUI Kit Pro - Knight Fight is a customizable, mobile-friendly game UI pack using **9-sliced** sprites.

## FEATURES

**All UI Elements in this package are created as vector files. Illustrator & Pdf sources are included in the Source Files Folder.**

*Layered PSD version is not included, if you need that please reach us.*

**3 Little and 2 Big Knight characters are included with 6 animations on them.** (Idle, Walk Attack, Damage, Win & Dead) Please check our WebGL Playable demo to view how they work. (<https://beavystore.com/GUIKitPro/>)

Castle pieces are included to create your own kingdom, just use your imagination, drag and drop pieces to reach your dream castle

There are two types of lootbox such as improving chests and surprise card packs. All prefabs are animated and enhanced by particles. Please view our WebGL Demo to view them in action (<https://beavystore.com/GUIKitPro/>)
